

REMARKS

This amendment is made to correct the editorial error in which Figures 3B and 18B are included in the figures, but are never noted in the specification.

In the first Preliminary Amendment, which was included with the initial filing of the present application, the filing history of the pending application was provided and the previous applications were incorporated by reference.

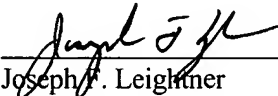

The above-referenced application is a divisional application of U.S. Serial No. 10/401,824 filed on March 28, 2003; which is a divisional of U.S. Serial Number 10/210,386 filed on August 1, 2002 which issued as U.S. Patent 6,608,010 on August 19, 2003; which is a divisional of U.S. Serial No. 09/709,109 filed on November 10, 2000, which issued as U.S. Patent 6,462,015 on October 8, 2002.

The above paragraphs have been amended in accordance with the amendments made to the specification of parent application U.S. Serial Number 09/709,109 filed on November 10, 2000, which was incorporated by reference in the pending application. The 09/709,109 application issued as U.S. 6,462,015, a copy of which is enclosed. The amendment to the pending application is identical to the specification of the '015 patent, see column 2, line 38 and column 8, lines 10-12.

Applicants respectfully submit that this amendment corrects an error that is editorial in nature and does not introduce any new matter.

Early and favorable consideration of the pending claims is requested.

Respectfully submitted,
